

Remarks

In the aforesaid Office Action, Applicant is required to elect a single disclosed embodiment of the invention for prosecution on the merits. Applicant is required to select one of the FIG. 1 and FIG. 2 embodiments. Applicant is further required to identify all claims readable on the selected embodiment.

In response to the aforesaid requirements, Applicant elects to prosecute claims related to "Species 1 shown in Figure 1".

Claims reading on the FIG. 1 embodiment appear to be all of the claims. No claim was found reading on the FIG. 2 structure and not on the FIG. 1 structure. Thus, the claims reading on the FIG. 1 structure appear to be claims 1, 2, 4-6, 9-12, 17-19, 21-23, 26-29 and 34.

The above amendments to the claims have been made to improve form, to resolve minor inaccuracies in some claims, and to improve antecedent usage.

In the event that any additional fees may be required in this matter, please charge the same to Deposit Account No. 16-0221.

Respectfully submitted,
